

qi bo

**General Manager,
Chevron International Gas Inc.
Beijing Representative Office**

Qi Bo is general manager of Beijing Representative Office, Chevron International Gas Inc., located in Beijing, China. He is responsible for the operations and development of Chevron's midstream business for Liquefied Natural Gas (LNG) and other commodities in China as well as in the region.

Prior to this role, Qi Bo had been working in various Chevron Upstream projects in China, including Chuandongbei gas project where Chevron partners with CNPC/PetroChina as commercial manager and Shale Gas Project with Sinopec as project planning advisor.

Qi Bo joined Chevron in 2007, as manager of market analysis with Chevron Global Gas in support of business development of Chevron Upstream and Midstream in China.

Qi Bo graduated from Harbin Institute of Technology with a bachelor's degree in mechanical engineering and he also holds a master's degree in business administration from a joint program between School of Economic and Management, Tsinghua University and MIT Sloan School of Management.
